Journal of Occupational and Environmental Medicine
Vol. 43, January–December 2001

INDEX TO PAGES

According to monthly issues January–December

Pages	Month	Pages	Month
1–217	January	665–740	July
218–309	February	741–839	August
310–434	March	840–926	September
435–514	April	927–990	October
515–600	May	991–990	November
601–664	June	991–1130	December

SUBJECT INDEX

A

Absenteeism: *see also* Sick leave
  asthma management program, worksite-based, 75
  behavioral health risk impact on, 347
  depression and work productivity and, 2
  health promotion program participation and, 36
  illness-related, aerobic activity frequency and, 1019
  musculoskeletal pain and fatigue, registered nurses, 355
Aerobic activity, frequency of, illness-related absenteeism and, 1019
Agent Orange
  dioxin contamination from, in Vietnam, 435
  exposure in Vietnam, editorial, 433
Agricultural groundwater contamination, growth restriction/prematurity risks, 377
Agricultural workers
  carbamate pesticide exposure, non-Hodgkin lymphoma risks and, 641
  dermatoses in farmers and wives, 364
  work-related injury, risk factors for, Iowa, 542
Air pollution
  low-level, respiratory health effects, school children in Hong Kong, 310
  particulate, respiratory and cardiovascular mortality and, 927
Alcohol consumption, smoking and, polyvinyl chloride workers, 701
Allergy
  impact on worker productivity, 64
  latex, workers' compensation claims and (letter), 589
American College of Occupational and Environmental Medicine (ACOEM)
  committee report, library and electronic information sources, 202
  State-of-the Art Conference, 733
American Occupational Health Conference
  exhibitors, 421
  overview and highlights, 179
Anger, management in workplace, managerial approach for, 1073
Arthritis, work loss and, 218
Asbestos
  exposure, mineralogical analysis of bronchoalveolar lavage fluid for assessment of, 872
  pulmonary function in workers, China, 623
Assault: *see also* Violence
  non-fatal, risk factors in military environment, women, 325
Asthma, workplace management of, 75
Automotive engine foundry and machining complex, mortality study, 483
Automotive machining plants, occupational disease insurance claims and surveillance and, outcomes study, 335

B

Back pain: *see* Pain
Barbers, cancer mortality patterns in, 250
Behavioral health risks, absenteeism and, 347
Benchmarking, health and productivity management, performance measures, 10
Benzene, exposure, mortality and, automotive engine foundry and machining complex, 483
Beryllium
  disease, in beryllium machining plant, surveillance for, 231
  particulate exposure, disease risks and, in beryllium machining plant, 238
Biomarkers, disease and exposure relationship and (letter), 839
Blink reflex, solvent-induced toxic encephalopathy and, 713
Blood pressure, high, work loss and, 218
Bloodborne pathogen exposure, health care workers and, 370
Brain cancer
  incidence
    at petrochemical research facility, 1104
    petrochemical industry, 166
  occupational risk factors, 317
Bronchoalveolar lavage fluid, mineralogical analysis of, asbestos exposure assessment, 872

C

Cadmium, renal dysfunction and, urinary calcium as biomarker of, 898
Calcium, urinary, as biomarker of renal dysfunction in cadmium exposure and, 898
Cancer
  brain
    at petrochemical research facility, 1104
    occupational risk factors, 317
  childhood, parental occupation and, Swedish Family-Cancer Database, 952
  fiberglass workers and, 741
  incidence of, petrochemical research facility, 166
  lung
    coal smoke exposure and, 226
    mortality from, patterns in hairdressers and barbers, 250
    silica and silicosis and (letter), 198
  mortality patterns in hairdressers and barbers, 250
  mortality, chromium exposure and, 635
  petroleum refinery workers and, 384
  polymers research facility workers and, 914
  prostate, risks in rubber workers (letter), 593
  respiratory system
    exposure-response analysis of fiberglass workers, 779
    exposure-weighted analysis of fiber-

glass workers and, 767
fiberglass workers, mortality ratios adjusted for tobacco smoking habits, 803
stomach, automotive engine foundry and machining complex and, 483
surveillance for, automotive machining plants, 335
trichloroethylene exposure and, 133
work loss and, 218
Carbamate pesticide, non-Hodgkin lymphoma risks and, 641
Carbon disulfide, mortality and, automotive engine foundry and machining complex, 483
Cardiovascular mortality, particulate air pollution and, 927
Carpal tunnel syndrome, median nerve conduction and, aerobic exercise program effects, 840
Cervical cancer, risks after trichloroethylene exposure, 133
Chemical exposure, unexplained illness in Gulf War veterans and, 1041
Chemical sensitivity, chronic fatigue and, Gulf War veterans, 259
Children, respiratory effects of low-level air pollution and, 310
Cholecystectomy, laparoscopic, return to work after, job satisfaction effects on, 657
Chromium, exposure, cancer mortality and, 635
Chronic illness/conditions
chemical sensitivity and chronic fatigue in Gulf War veterans, 259
work impairment and, comparison study, 218
Coal smoke, indoor exposure to, p53 gene expression and, 226
Construction workers, fatal falls, 853
Continine, salivary, in tobacco workers, environmental and behavioral predictors of, 844
Cortisol levels, salivary, work-related stress and, emergency department nurses, 1011
Costs
asthma management program, worksite-based, 75
chronic medical conditions, comparison study, 218
depression and work productivity, 2
on-site physical therapy and (letter), 670
work loss and productivity, indirect costs of, 18
workers' compensation, health risks association with, 534

D

Depression
major, work loss and, 218
management in workplace, managerial approach for, 1073
work productivity and, cost analysis, 2
Dermatoses, farmers and wives, 364
Diabetes, heart disease and, in firefighters, 1057
Dimethylformamide, exposure, liver function abnormalities and, 474
Dinitrotoluene, exposure, urinary protein excretion patterns, miners, 610
Dioxin
contamination from Agent Orange, in Vietnam, 435
exposure in Vietnam, editorial, 433
Disability
prevention of, patient satisfaction with primary care provider and, 706
short-term, worksite health program impact on, 25

E

Editorials
a message from the editor, 737
dioxin in Vietnam—the ongoing saga of exposure, 433
health, productivity, and occupational medicine, 1
opportunities and challenges in leading a professional organization: a recent president's perspective, 596
the GRAS status of women's work, 665
workforce health problems: present—and now accounted for, 216
Electric utility workers, sunlight exposure and non-Hogdkin lymphoma in, 548
Electromagnetic field, exposure, male infertility and, 946
Emergency medical system workers, needlestick prevention in, 554
Enamels production, manganese exposure, neurological effects in workers, 127
Encephalopathy, solvent-induced toxic, blink reflex and, 713
Epidemiology
brain cancer risks, occupational, 317
cancer and benign tumor incidence, polymers research facility workers and, 914
cancer incidence in petrochemical research facility, 166
cancer mortality patterns in hairdressers and barbers, 250
coal smoke exposure, lung cancer risks, 226
fatal falls in construction workers, 853
green tobacco sickness, incidence in Latino farmworkers, 601
molecular, genomic technologies in environmental health research, 526
trichloroethylene exposure and cancer risks, 133
work-related fractures, incidence and risk, workers' compensation and, 140
Ergonomics, Strain Index in turkey processing, predictive validity, 451
Esophagus, cancer risks after trichloroethylene exposure, 133
Ethical issues, genomic technologies in environmental health research, 526
Exercise, aerobic, median nerve conduction and carpal tunnel syndrome, 840
Exposure
Agent Orange, in Vietnam, editorial, 433
asbestos, mineralogical analysis of bronchoalveolar lavage fluid for assessment of, 872
beryllium
disease risks and, in beryllium machining plant, 238
surveillance for disease in beryllium machining plant, 231
bloodborne pathogen, health care workers and, 370
cholinesterase activity-inhibiting chemical, unexplained illness in Gulf War veterans and, 1041
chromium, cancer mortality and, 635
coal smoke, indoor, p53 gene expression, 226
dimethylformamide, liver function abnormalities and, 474
dinitrotoluene, urinary protein excretion patterns, miners, 610
dioxin
from Agent Orange, in Vietnam, 435
in Vietnam, editorial, 433
disease and, biomarkers for relationships establishment (letter), 839
hairdressers and barbers, cancer mortality patterns and, 250
manganese, neurological effects in workers, 127
mercury
computer-based tremor system examination, 295
health effects in gold workers, 158
organic solvents, menstrual cycle length and, 567
styrene
1-adenine DNA adduct identification in, 694
color vision deficiencies after, 494
toluene diisocyanate, respiratory health of workers, 890
toxic, occupational, Poison Control Center data in assessment of, 463
trichloroethylene, cancer incidence, 133
vinyl chloride monomer, in polyvinyl chloride workers, urinary thiodiglycolic acid levels, 934

F

Falls, fatal, in construction industry, 853
Farmers/Farmworkers
dermatoses in farmers and wives, 364
green tobacco sickness incidence, 601
livestock, respiratory function, 576
respiratory findings in, 905
work-related injury, risk factors for, Iowa, 542
Fatalities: *see also* Mortality
fatal falls, in construction workers, 853
Fatigue
chronic, chemical sensitivity and, Gulf

War veterans, 259
musculoskeletal pain and, registered nurses, absenteeism and, 355
psychological distress and, differences across occupations, 976
Fiber workers, synthetic, glycerol polyglycidyl ether exposure, mortality study, 984
Fiberglass workers
exposure assessment overview, 809
exposure-response analysis of, respiratory system cancer and, 779
exposure-specific job analysis, 824
exposure-weighted analysis, 767
initial findings in follow-up study, 741
respiratory system cancer and, mortality ratios adjusted for tobacco smoking habits, 803
respiratory system cancer mortality ratios adjusted for tobacco smoking habits, 803
tobacco smoking habits in, 793
Firebrick workers, obstructive pulmonary disease and, 969
Firefighters
diabetes and heart disease in, 1057
hazardous materials, spirometric surveillance in, 1114
hearing loss and, comparison with general population, 650
hepatitis C screening and prevalence in, 402
physiological response to level 3 chemical protective suits, in controlled hot environments, 1064
respiratory effects after overhaul, 467
Food and Drug Administration, pharmaceutical companies drug productivity claims and, 56
Formaldehyde, mortality and, automotive engine foundry and machining complex, 483
Fractures, work-related, incidence and risk, workers' compensation and, 140

G

Gender
coronary heart disease risk factors and, erratum, 201
in the workplace, editorial, 665
male infertility, occupational risks for, 946
non-fatal assault risk factors in military environment, women, 325
Genomic technologies, environmental health research and, 526
Glycerol polyglycidyl ether, exposure, synthetic fiber workers, mortality study, 984
Gold workers, mercury exposure effects, 158
Granite workers, silicosis and radiographic abnormalities, 412
Green tobacco sickness, incidence in Latino farmworkers, 601
Groundwater, agricultural contamination of, growth restriction/prematurity risks, 377
Gulf War veterans
chemical sensitivity and chronic fatigue in, 259
depleted uranium-exposed, surveillance of, 991
unexplained illness
self-reported exposure and, 1041
symptom analysis, clinical findings, and functional status, 1026

H

Hairdressers, cancer mortality patterns in, 250
Hazardous materials
emergency events, railroad, public health risks (letter), 739
incidents, adverse health effects after, risk factors, 558
phosgene exposure, mechanisms of injury and treatment, 110
railroad, emergency events, public health risks, 95
Health care
managed, psychiatric disability program analysis, 101
occupational health concerns in general health clinics, 939
Health care plans, valuation by employer, 18
Health care utilization, neck and upper extremity problems, workplace interventions and, 265
Health care workers
bloodborne pathogen exposure and, 370
low back pain, employee education and lumbar rehabilitation program for, 289
needlestick prevention, 554
occupational health professionals, health and productivity and, 30
Health promotion
workplace program for, short-term disability usage and, 25
workplace program, participation effects on absenteeism, 36
Health risks, behavioral, absenteeism and, 347
Health, workplace productivity and
editorial, 216
occupational medicine and, editorial, 1
occupational health professionals and, 30
Healthy worker effects, mathematical procedure to adjust for, 1057
Hearing loss, firefighters and, 650
Heart disease
automotive engine foundry and machining complex, 483
coronary, gender-specific effects of risk factors, erratum, 201
diabetes and, in firefighters, 1057
surveillance for, automotive machining plants, 335
work loss and, 218
Hepatitis B, exposure, liver function abnormalities and, 474
Hepatitis C, screening and prevalence, in public safety workers, 402
Herbicides, dioxin exposure in Vietnam, editorial, 433
Home care work, work ability, age-related physical fitness and fitness test predictive values in, 723

I

Illness
impact of, methods to quantify, 56
workplace-related, musculoskeletal pain management/prevention, 83
Infants
perchlorate exposure and (letter), 305
prematurity, agricultural groundwater contamination and, 377
Infertility, male, occupational risks for, 946
Injury, work-related
fractures, incidence and risk, workers' compensation and, 140
low back injury, return to work and disability duration, doctor proactive communication and, 515
outcome assurance program, 959
prevention of, musculoskeletal disorders, 83
risk factors, farmers in Iowa, 542
soft-tissue injury, workplace modifications after, 276
state workplace safety laws effects on, 1001
Intracranial tumor, incidence, at petrochemical research facility, 1104
Iowa Farm Family Health and Hazard Surveillance Project, dermatoses in farmers and wives, 364

J

Job satisfaction, return to work after laparoscopic cholecystectomy and, 657

L

Latex allergy, workers' compensation claims and (letter), 589
Leukemia
mortality from, patterns in hairdressers and barbers, 250
petroleum refinery workers and, 384
Liver function, dimethylformamide and hepatitis B exposure, 474
Livestock farmworkers, respiratory function in, 576
Lung cancer
coal smoke exposure and, 226
petroleum refinery workers and, 384
Lung disease, chronic obstructive, surveillance for, 444
Lung function, hazardous materials firefighters and, spirometric surveillance, 1114
Lung permeability, after overhaul, firefighters, 467
Lymphoma, non-Hodgkin
carbamate pesticide exposure and risk of, 641
sunlight exposure and, in electric utility workers 548

M

Manganese, neurological effects of, 127
Manufacturing environment, safety, health, and productivity in, 47
Median nerve conduction, carpal tunnel syndrome and, aerobic exercise program effects, 840
Menstrual cycle, length of, organic solvent exposure and, 567
Mental illness
  costs to employers, managed health care program effects, 101
  work loss and, 218
Mercury
  exposure, computer-based tremor system examination, 295
  health effects in gold workers, 158
Mesothelioma, mortality and, vitreous fiber production workers and, 757
Military environment, non-fatal assault risk factors, women, 325
Mortality
  automotive engine foundry and machining complex, 483
  cancer
    chromium exposure and, 635
    in hairdressers and barbers, 250
  cardiovascular and, particulate air pollution, 927
  environmental tobacco smoke exposure, occupational, Finland, 687
  fiberglass workers, 741
  mesothelioma-related, vitreous fiber production workers and, 757
  non-Hodgkin lymphoma, sunlight exposure and, electric utility workers, 548
  nuclear facility workers, risk comparison across race, 861
  petroleum refinery workers, 1089
  petroleum refinery workers and, 384
  synthetic fiber workers after glycerol polyglycidyl ether exposure, 984
Musculoskeletal disorders/pain
  fatigue and, registered nurses, absenteeism and, 355
  management in workplace, 83
  neck, health care utilization and workplace interventions, 265
  psychosocial work factors impact on, 120
  upper extremity, health care utilization and workplace interventions, 265

N

Needlestick, prevention of, emergency medical system workers, 554
Newspaper workers
  brain cancer risks and, 317
  neck and upper extremity problems, workplace interventions for, 265
Nuclear facility workers, mortality risks, comparison across race, 861
Nurses
  emergency department, salivary cortisol levels and work-related stress in, 1011
  registered, musculoskeletal pain and fatigue in, absenteeism effects, 355

O

Occupation, parental, childhood cancer and, 952
Occupational and environmental medicine
  health, productivity, and, editorial, 1
  occupational disease recognition, barriers to, 285
  physicians, library and electronic sources for, 202
  practicum-year residency training and, 501
  professionals, health and productivity and, 30
Occupational disease
  barrier to recognition of, 285
  insurance claims and surveillance for, outcomes in auto industry tool grinding operations, 335
Occupational health, concern about in general health clinics, 939
Occupational safety and health, intervention research process in, 611
Oligomenorrhea, organic solvent exposure and, 567
Organic solvents, exposure, menstrual cycle length and, 567
Outcomes, occupational disease insurance claims and surveillance in automotive machining plants, 335
Overhaul, firefighters, respiratory effects after, 467

P

p53 gene expression, indoor coal smoke exposure, 226
Pain
  low back, employee education and lumbar rehabilitation program for, health care workers, 289
  musculoskeletal, management in workplace, 83
Panic disorder, work loss and, 218
People and events, 72, 175, 301, 418, 512, 585, 663, 731, 835, 925, 989, 1121
Perchlorate
  Arizona study conclusions, reexamination of (letter), 305
  in drinking water, thyroid disease and, 630
Pesticides, carbamate, non-Hodgkin lymphoma risks and, 641
Petrochemical industry
  cancer incidence in, 166
  intracranial tumor incidence, 1104
  organic solvent exposure effects on menstrual cycle, 567
Petroleum refinery workers, mortality study, 384, 1089
Petroleum, dermatoses in farmers and wives and, 364
Pharmaceutical companies, drug productivity claims, 56
Phosgene, exposure to, mechanisms of injury and treatment, 110
Physical fitness, age-related, work ability in home care work and, 723
Physical therapy, on-site, economic impact of (letter), 670
Physicians
  occupational medicine, library and electronic sources for, 202
  pay increase, lowering workers' compensation costs and, 672
  proactive communication, workers' compensation low back injury, return to work and disability duration, 515
Poison Control Center, toxic occupational exposure assessment and, 463
Police personnel, hepatitis C screening and prevalence in, 402
Polymers research facility, cancer and benign tumor incidence in, 914
Polyvinyl chloride workers
  smoking and drinking behavior in, 701
  vinyl chloride monomer-exposed, urinary thiodiglycolic acid levels, 934
Pregnancy, premature birth risks, agricultural groundwater contamination and, 377
Primary care provider, patient satisfaction with, disability prevention and, 706
Printing company workers, health of, environmental and organizational factors effects on, 882
Productivity, workplace
  allergies and treatment impact on, 64
  depression and, 2
  drug, pharmaceutical company's claims of, 56
  factors affecting, editorial, 1
  health and, establishing measures and benchmarks, 10
  health association with, editorial, 216
  health, occupational medicine, and, editorial, 1
  in manufacturing environment, 47
  loss due to illness, indirect costs of, 18
  work loss, indirect costs of, 18
Prostate cancer, risks in rubber workers (letter), 593
Protective clothing, level 3 chemical, physiological response to, firefighters, 1064
Psychiatric disorders, costs to employers, managed health care program effects, 101
Psychological distress, fatigue and, differences across occupations, 976
Psychosocial factors, musculoskeletal pain predictions and, in workplace, 120
Public health, railroad hazardous substances emergency events and, 95
  (letter), 739
Public safety workers, hepatitis C screening and prevalence, 402
Pulmonary disease
  obstructive, firebrick workers, Taiwan, follow-up study, 969
  occupational chronic obstructive, surveillance for, 444

Pulmonary edema, phosgene exposure and, 110
Pulmonary function, asbestos workers, China, 623

R

Racial considerations, nuclear facility workers, mortality risks, comparison across race, 861
Radiography
  pulmonary function in asbestos workers and, China, 623
  silicosis and, in granite workers, 412
Railroad personnel, color vision screening and (letter), 197
Railroad, hazardous substances emergency events
  public health risks, 95
  public health risks (letter), 739
Refinery workers, mortality study, 384
Renal dysfunction, cadmium exposure and, urinary calcium as biomarker of, 898
Research
  environmental health, genomic technologies in, 526
  intervention, process in occupational health and safety, 611
  occupational and environmental physicians, library and electronic sources for, 202
Respiratory disease
  mortality from, particulate air pollution and, 927
  surveillance for, automotive machining plants, 335
Respiratory distress syndrome, adult, phosgene exposure and, 110
Respiratory function
  farmworkers and, 905
  livestock farmworkers, 576
  low-level air pollution and, school children in Hong Kong, 310
Respiratory system cancer
  exposure-response analysis of fiberglass workers and, 779
  exposure-weighted analysis of fiberglass workers and, 767
Risks, occupational, brain cancer, 317
Roofing workers, brain cancer risks and, 317
Rubber manufacturing, brain cancer risks and, 317
Rubber workers, prostate cancer risks in (letter), 593

S

Salivary continine, in tobacco workers, environmental and behavioral predictors of, 844
Sentinel health event, occupational, prioritization of, health and hazard surveillance and, 147
Sheet metalworking, brain cancer risks and, 317
Sick leave
  chronic medical conditions and, 218
  employee illness, indirect costs of, 18
  workload and, 1081
Silica
  crystalline, exposure limits of, 412
  silicosis and, lung cancer and (letter), 198
Silicosis
  radiographic abnormalities, in granite workers, 412
  silica and, lung cancer and (letter), 198
Smoking: *see* Tobacco smoke
Social issues, genomic technologies in environmental health research, 526
Soft-tissue injury, workplace modifications after, 276
Solvents, toxic encephalopathy induced by, blink reflex and, 713
Spirometry, hazardous materials firefighters and, 1114
Strain Index, turkey processing and, predictive validity, 451
Stress
  management in workplace, managerial approach for, 1073
  work-related, salivary cortisol levels and, emergency department nurses, 1011
Styrene exposure
  color vision deficiencies, 494
  occupational, 1-adenine DNA adduct identification in, 694
Substance dependence, work loss and, 218
Sunlight exposure, non-Hodgkin lymphoma and, in electric utility workers, 548
Surveillance
  beryllium disease in beryllium machining plant, 231
  hazard, sentinel health event prioritization, 147
  hazardous materials firefighters and, 1114
  occupational chronic obstructive pulmonary disease, 444
  railroad hazardous substances emergency events and, public health risks, 95

T

Thiodiglycolic acid, urinary levels, vinyl chloride monomer-exposed polyvinyl chloride workers and, 934
Thyroid cancer, incidence, petrochemical industry, 166
Thyroid disease, perchlorate in drinking water and, 630
Thyroid-stimulating hormone, infants, perchlorate levels in drinking water and (letter), 305
Tobacco sickness, green, incidence in Latino farmworkers, 601
Tobacco smoke
  alcohol consumption and, polyvinyl chloride workers, 701
  environmental exposure
    mortality in Finland, 687
    workplace smoke-free policies trends, 680
  fiberglass workers and, 793
Tobacco workers, salivary continine in, environmental and behavioral predictors of, 844
Toluene diisocyanate production workers, respiratory health of, 890
Toxic exposure, occupational, Poison Control Center data in assessment of, 463
Tremor, computer-based evaluation, mercury exposure and, 295
Trichloroethylene, exposure, cancer risks and, 133
Tumor, benign, polymers research facility workers and, 914

U

Ulcers, work loss and, 218
Upper extremity disorders, turkey processing and, Strain Index predictive validity in, 451
Uranium, depleted, Gulf War veterans exposed to, surveillance of, 991
Urinary protein excretion, miners exposed to dinitrotoluene, 610

V

Violence: *see also* Assault
  non-fatal, risk factors in military environment, women, 325
Vision, color
  deficiencies in, after styrene exposure, intervention study, 494
  screening, railroad personnel (letter), 197
Vitreous fiber production workers, historical cohort study
  exposure assessment overview, 809
  exposure-response analysis, respiratory cancer and, 779
  exposure-specific job analysis, 824
  exposure-weighted analysis, 767
  initial findings, 741
  mesothelioma-related mortality, 757
  tobacco smoking habits and, 793

W

Water
  drinking
    perchlorate in, thyroid disease and, 630
    perchlorate levels, thyroid-stimulating hormone in infants and (letter), 305
  groundwater: *see* Groundwater
Work ability, home care work, fitness test predictive values and age-related physical fitness and, 723
Work loss, chronic medical conditions and, comparison study, 218
Work, return to
  after soft-tissue injury, 276
  laparoscopic cholecystectomy, job satisfaction effects on, 657
Workers' compensation
  costs, physician pay increasing effects on lowering, 672
  health risks association with costs, 534
  latex claims (letter), 589
  low back injury, return to work and disability duration, doctor proactive

communication and, 515
work-related fracture injuries, incidence and risk, 140
Workload, sickness absences and, 1081
Workplace
asthma management program, 75
color vision screening, railroad personnel (letter), 197
employee illness, indirect costs of, 18
health promotion program, short-term disability usage and, 25
health promotion programs, participation effects on absenteeism, 36
health, productivity, and occupational medicine, editorial, 1
injury, state workplace safety laws effects on, 1001
low back pain, education and lumbar rehabilitation program, health care workers, 289
manganese exposure, neurological effects of, 127
manufacturing environment, health, safety, and productivity in, 47
mental health issues in, 1073
mercury exposure, gold workers and, 158
modifications after soft-tissue injury, 276
musculoskeletal pain
management, 83
psychosocial work factors as predictor of, 120
neck and upper extremity problems, interventions, 265
occupational sentinel health events, prioritization of, hazard surveillance and, 147
on-site physical therapy, economic impact of (letter), 670
productivity
allergies and treatment impact on, 64
depression in, 2
establishing measures and benchmarks, 10
health association with, editorial, 216
occupational health professionals and, 30
safety, health, and productivity in, manufacturing environment, 47
smoke-free policies, trends in, 680
women in, editorial, 665

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION (Required by 39 U.S.C. 3685)

1. Title of publication: JOURNAL OF OCCUPATIONAL AND ENVIRONMENTAL MEDICINE.
2. Publication no.:1076-2752.
3. Date of filing: 10-01-01.
4. Frequency of issue: Monthly.
5. No. of issues published annually: 12.
6. Annual subscription price: $210.00.
7. Complete mailing address of known office of publication: Lippincott Williams & Wilkins, 16522 Hunters Green Parkway, Hagerstown, MD 21740-2116.
8. Complete mailing address of the headquarters or general business offices of the publisher: Lippincott Williams & Wilkins, 530 Walnut Street, Philadelphia, PA 19106.
9. Full names and complete mailing address of publisher, editor, and managing editor: Publisher: Lippincott Williams & Wilkins, 530 Walnut Street, Philadelphia, PA 19106. Editor: Paul W. Brandt-Rauf, M.D., Director, Columbia-Presbyterian Medical Center, Division of Environmental Sciences, 60 Haven Avenue, B-1 Level, New York, NY 10031. Managing Editor: Ms. Elizabeth Popper, P.O. Box 370, Bryn Mawr, PA 19010.
10. Owner: American College of Occupational and Environmental Medicine, Attn: Barry S. Eisenberg, MA—Executive Director, 1114 N. Arlington Heights Road, Arlington Heights, IL 60004.
11. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities: None.
